Moore of Youngstown, Ohio, campaign manager for Gov. Cox in the convention fight, and the fact that Cummings was to have a personal talk with Cox strengthened the belief that it will be Moore who will run the campaign. The appointment of Moore as chairman of the Democratic National Committee is expected therefore to be an outcome of the meeting. Gov. Cox assumed that this change in arrangements for the meeting of the full committee, would result in the "Moore" being named as the executive committee to come to Dayton for a conference.

Gov. Cox made formal announcement to-day that Columbus will be his headquarters, not Dayton, during the campaign. He will go to Columbus on Monday unless word should be received from Franklin D. Roosevelt that he will be in Dayton on that day. It is expected that Roosevelt, who is the Democratic nominee for Vice-President, will be in Dayton Saturday or Sunday, although definite word has not been received as yet. Roosevelt is on his way east.

PENROSE SAYS COX IS LOWBROWS' CHOICE

Asserts Corruptionists Headed by Tammany Ruled.

Special to THE SUN and NEW YORK HERALD. PHILADELPHIA, July 9.—Senator Penrose (Pennsylvania) declared to-day that the nomination of Cox represented a surrender to the "corrupt and disreputable elements of the party." Among these he named Tammany Hall. He said that while the Cox administration was free of Wilsonianism, it nevertheless would lose the "intellectual and reputable group attracted by Wilsonianism."

"The Democratic convention," the Senator declared, "was controlled by politicians of the ward precinct type. After Wilson was elected, the chief of the old time leaders of his party in most of the States. He surrendered into the hands of a lot of amateurs and alleged idealists, who never had shown any little democracy, but who were known by the vague designation of Progressives. The real workers in the party were ignored. The time arrived, however, when their turn came and they were the real bone and sinew of the party."

"The 'stuffed shirt statesman' speedily found his place of innocuous demerol. He left no doubt that he meant little or nothing to the country, or the real democracy of the nation. It is doubtful whether the Wilson administration really could have controlled a national convention or an important party action at any time since it has been in power."

COX MONEY IS SHY

AT 2 TO 1 AGAINST \$600 TO \$500 Bet That Harding Will Carry Ohio.

Betting on the Presidential election in Wall Street as well as in Brooklyn continues very light. There appears to be almost any amount of Harding money in sight, which is offered at 2 to 1 against Cox, but the supporters of the latter are keeping quiet. It is apparent, according to R. C. Fahb, 67 Exchange place, who has handled a large number of betting commissions, that the Democratic candidate is the favorite for a lengthening of the odds. Both Fahb and Fred Schumm, the Brooklyn stakeholder, however, are agreed that there is little likelihood of Harding's odds going to more than 2 to 1. On the other hand, they declare that should a third ticket be put in the field with a Republican at its head, the odds on the Republican nominee will in probability shorten to 3 to 5 or less.

Practically the only Cox money which has made its appearance in the betting has come from the West. Schumm reported yesterday a commission which he received by wire from Jefferson City, Mo., offering \$2,500 against \$5,000 on Cox. This was a bet on the odds of 2 to 1. He also reported a bet of \$1,000 on Cox against \$2,000 on Harding, which was made by either Fahb or Schumm were on the same basis but were relatively small.

There is considerable interest as to which of the two nominees will carry some of the doubtful States. Another bet of \$1,000 to \$1,400 has been made that Cox will carry Ohio. One wager of \$500 to \$700 was made that Harding will carry New York, New Jersey and Massachusetts; another of \$1,000 even that Harding will carry New York State and a third of \$400 to \$500 that he will carry Ohio. Even money was placed in the amount of \$300 that there will be a third ticket, and Schumm reported one wager of \$100 to \$150 that if Henry Ford is made the nominee of such a ticket he will be elected.

In the betting on the international yacht race, so much money has appeared on the chances of the Shamrock that the odds against that boat have shortened from 2 to 1 to 5 to 1. A little money has been put up at these odds. Many bettors are waiting for a wager that the Shamrock will win one race out of the series and also that she will win the opening event.

COX THANKS HUGHES'S LEAGUE

Sends Message to Head of Tariff Reform Organization.

Charles C. Hughes, president of the American Tariff Reform League, a Democratic organization, received the following message from Gov. Cox last night: "I wish to thank you for the splendid telegram sent to assure you of my appreciation of your support and the support of the league."

Commenting on the Democratic nomination of Mr. Hughes declared a nationwide survey made by his organization indicated that 10,000,000 men voters had been in favor of the renomination of President Wilson and Vice-President Marshall on the League of Nations issue.

"The fact that Wilson and Marshall have made Cox and Roosevelt the candidates," he added, "insures the election of that ticket."

WIFE GOES TO SICK SHERIFF.

New York Official in Serious Condition in Seattle.

Mrs. John Murray, wife of the Deputy Sheriff of New York county, who was stricken with apoplexy on a boat near Seattle, Wash., while returning home from the San Francisco convention, was taken to the San Francisco hospital yesterday by her husband. Information received at the office of Sheriff Knott stated that Sheriff Murray is paralyzed in the right side.

He is about 60 years old, and resides at 327 West Twenty-seventh street, Manhattan. He is a Democrat and for the past twenty years has served as a Deputy Sheriff under successive sheriffs. At present the stricken officer is a patient in St. Paul's Hospital, Vancouver. His condition is considered serious.

CHARGES PALMER USED H.C.L. WORKERS

Bureau's Sole Aim Was to Win Nomination for Attorney-General.

St. Louis, July 9.—Charges that persons employed through the Attorney-General's office, ostensibly to aid in reducing the cost of living, really were working to have A. Mitchell Palmer nominated for President at the Democratic National Convention, were made before the Senate committee investigating Presidential campaign expenditures by Miss Olivia Bruggeman, formerly executive secretary of the Missouri Women's Committee to reduce the high cost of living. Miss Bruggeman said workers supposed to address meetings on the high cost of living actually spoke only on Palmer, telling "what a fine man he would be for President." These workers frequently traveled at government expense, she declared.

"I was demoralized from my office because I was a Republican," she said. Miss Bruggeman asserted that the Missouri office did very little work on the high cost of living. She said that after three months in office she was dismissed and summoned to Washington, where she conferred with Howard Figg, Assistant Attorney-General.

"He previously had asked me," Miss Bruggeman continued, "to include literature favorable to Palmer in the 'H. C. L.' literature sent out. The 'H. C. L.' literature was purely a political enterprise. The real workers in the party were ignored. The time arrived, however, when their turn came and they were the real bone and sinew of the party."

'AMERICAN' TO BE NAME OF 3D PARTY

La Follette Is First Choice of Committee of 43, With Henry Ford Second.

St. Louis, July 9.—Adherents of the Committee of Forty-eight probably will adopt the name American party when the convention gets under way tomorrow at the Morrison Hotel. The members suggested three names—American, People's and Liberal—and the first received the most votes in a questionnaire. Nominees for President and Vice-President will run under this name in all States except where there is a party organization with which the Committee of Forty-eight will work.

It is thought likely now that the election will be placed on the Farmer-Labor party ticket in Minnesota and on the Labor party ticket in New York State.

In order to concentrate the anti-Republican and anti-Democratic votes on a third party and prevent scattering among fourth and fifth parties, the Forty-eight are holding conference with the heads of the National Labor party, the Nonpartisan League and the Single Tax party and other groups. It is believed, however, that the Labor men, who also met in Chicago next week, will work with the committee.

Ticket in All States.

George Brewer of Kansas will be in Chicago to-morrow as the official representative of the Nonpartisan League. At least that was the intention. The League is now in a state of confusion. It is believed, however, that the Labor men, who also met in Chicago next week, will work with the committee.

WIFE GOES TO SICK SHERIFF.

New York Official in Serious Condition in Seattle.

Mrs. John Murray, wife of the Deputy Sheriff of New York county, who was stricken with apoplexy on a boat near Seattle, Wash., while returning home from the San Francisco convention, was taken to the San Francisco hospital yesterday by her husband. Information received at the office of Sheriff Knott stated that Sheriff Murray is paralyzed in the right side.

He is about 60 years old, and resides at 327 West Twenty-seventh street, Manhattan. He is a Democrat and for the past twenty years has served as a Deputy Sheriff under successive sheriffs. At present the stricken officer is a patient in St. Paul's Hospital, Vancouver. His condition is considered serious.

Welcome to Cox's Manager.

Youngstown, Ohio, July 9.—A committee of business men is making arrangements to-day for a non-partisan demonstration in honor of E. H. Moore, Gov. Cox's pre-convention campaign manager, when he returns to his home here from San Francisco.

WILSON CRITICISED FOR LABOR POLICY

Former Georgia Governor Calls Him Sympathetic Toward Lawless Element.

St. Louis, July 9.—Joseph M. Brown of Marietta, Ga., formerly Governor of Georgia and always a leading Democrat of the State, addressed an open letter to-day to members of the Congress criticizing President Wilson for his alleged sympathetic attitude toward anarchistic elements of labor and calling upon national legislators to enact laws curbing violence in strikes and making labor unions responsible for life and property damage done during strikes.

The appeal opens with a facsimile of a letter written by the late Theodore Roosevelt to P. R. Walsh of 109 South Fourth street, Philadelphia, October 25, 1914, in which he said:

"I already knew about that matter. President Wilson has been deliberately appealing to the criminal dynamite vote."

The ex-Governor directs his criticism at labor principally against the Amalgamated Association of Street and Electric Railway Employees of America, which conducted the strike on the Interborough line in New York in 1916, and which, he says, has been the instigator of street labor strikes, accompanied by murder, arson, dynamiting and rioting in sixty-five cities and thirty-one States.

Mr. Brown declares that the Amalgamated Association has done hundreds of thousands of dollars' worth of property damage, in addition to injuries—some fatal—to hundreds of persons, being uncompensated under the law. This is characteristic of many other branches of the American Federation of Labor, he says, and asks that Congress be compelled to incorporate as one measure of protection of property owners and the public.

The former Governor declares that Samuel Gompers, president of the American Federation, and William D. Mahon, president of the Amalgamated Association, not only gave their approval to riotous methods used, but Gompers went to New York and gave his personal direction to the strike. He adds:

"Yet after this same Amalgamated had been expelled from Atlanta in consequence of its criminal assaults upon Georgia workers, Mr. President Woodrow Wilson forced it back upon the city and the State, and in Columbus and Savannah it entered anew upon its course of anarchistic crime."

Concerning Gompers and Mahon, Mr. Brown says: "President Woodrow Wilson gave these two conductors of the process of murder signal manifestations of his personal and official favor."

Continuing, he says: "This is the same President Woodrow Wilson who on the ninth of last month (May, 1920) wrote:

"It is time that the (Democratic) party should prepare to do the same to try, without flinching or turning at any time away from the path for reasons of expediency, to apply moral and Christian principles to the problems of the workers."

"I respectfully suggest that President Woodrow Wilson is scarcely the proper party to be lecturing the Democratic party for alleged indisposition to apply moral and Christian principles to the problems of the world, after he has set himself to strengthening for all men the device in Georgia gangs of men who have made it a business to apply to the women of the State the brutal, the brutal and the dynamite stick."

CHARGES PALMER USED H.C.L. WORKERS

Bureau's Sole Aim Was to Win Nomination for Attorney-General.

St. Louis, July 9.—Charges that persons employed through the Attorney-General's office, ostensibly to aid in reducing the cost of living, really were working to have A. Mitchell Palmer nominated for President at the Democratic National Convention, were made before the Senate committee investigating Presidential campaign expenditures by Miss Olivia Bruggeman, formerly executive secretary of the Missouri Women's Committee to reduce the high cost of living. Miss Bruggeman said workers supposed to address meetings on the high cost of living actually spoke only on Palmer, telling "what a fine man he would be for President." These workers frequently traveled at government expense, she declared.

"I was demoralized from my office because I was a Republican," she said. Miss Bruggeman asserted that the Missouri office did very little work on the high cost of living. She said that after three months in office she was dismissed and summoned to Washington, where she conferred with Howard Figg, Assistant Attorney-General.

"He previously had asked me," Miss Bruggeman continued, "to include literature favorable to Palmer in the 'H. C. L.' literature sent out. The 'H. C. L.' literature was purely a political enterprise. The real workers in the party were ignored. The time arrived, however, when their turn came and they were the real bone and sinew of the party."

"The 'stuffed shirt statesman' speedily found his place of innocuous demerol. He left no doubt that he meant little or nothing to the country, or the real democracy of the nation. It is doubtful whether the Wilson administration really could have controlled a national convention or an important party action at any time since it has been in power."

COX MONEY IS SHY

AT 2 TO 1 AGAINST \$600 TO \$500 Bet That Harding Will Carry Ohio.

Betting on the Presidential election in Wall Street as well as in Brooklyn continues very light. There appears to be almost any amount of Harding money in sight, which is offered at 2 to 1 against Cox, but the supporters of the latter are keeping quiet. It is apparent, according to R. C. Fahb, 67 Exchange place, who has handled a large number of betting commissions, that the Democratic candidate is the favorite for a lengthening of the odds. Both Fahb and Fred Schumm, the Brooklyn stakeholder, however, are agreed that there is little likelihood of Harding's odds going to more than 2 to 1. On the other hand, they declare that should a third ticket be put in the field with a Republican at its head, the odds on the Republican nominee will in probability shorten to 3 to 5 or less.

Practically the only Cox money which has made its appearance in the betting has come from the West. Schumm reported yesterday a commission which he received by wire from Jefferson City, Mo., offering \$2,500 against \$5,000 on Cox. This was a bet on the odds of 2 to 1. He also reported a bet of \$1,000 on Cox against \$2,000 on Harding, which was made by either Fahb or Schumm were on the same basis but were relatively small.

There is considerable interest as to which of the two nominees will carry some of the doubtful States. Another bet of \$1,000 to \$1,400 has been made that Cox will carry Ohio. One wager of \$500 to \$700 was made that Harding will carry New York, New Jersey and Massachusetts; another of \$1,000 even that Harding will carry New York State and a third of \$400 to \$500 that he will carry Ohio. Even money was placed in the amount of \$300 that there will be a third ticket, and Schumm reported one wager of \$100 to \$150 that if Henry Ford is made the nominee of such a ticket he will be elected.

In the betting on the international yacht race, so much money has appeared on the chances of the Shamrock that the odds against that boat have shortened from 2 to 1 to 5 to 1. A little money has been put up at these odds. Many bettors are waiting for a wager that the Shamrock will win one race out of the series and also that she will win the opening event.

COX THANKS HUGHES'S LEAGUE

Sends Message to Head of Tariff Reform Organization.

Charles C. Hughes, president of the American Tariff Reform League, a Democratic organization, received the following message from Gov. Cox last night: "I wish to thank you for the splendid telegram sent to assure you of my appreciation of your support and the support of the league."

Commenting on the Democratic nomination of Mr. Hughes declared a nationwide survey made by his organization indicated that 10,000,000 men voters had been in favor of the renomination of President Wilson and Vice-President Marshall on the League of Nations issue.

"The fact that Wilson and Marshall have made Cox and Roosevelt the candidates," he added, "insures the election of that ticket."
